“ *Family of Annie Mae, I am so sorry for your lose. Annie Mae and I were best friends in DeKalb High School and the memories I have of her will last a life time, it was fun. She was a delightful, energetic and fun person.*

*I would be there today if I had known in time. It is strange but she has been on my mind for the past several days and I made a mental note to look her up. The last time I saw her was at Mike's funeral. Little did I know the time was so short.*

*Lean on God and his word and he will see you through the tough days ahead.*

*I would welcome a email from one of her children or all with more information on your Mother.*

*May God Bless each and every one!*
