“ *The first time I met Ben was in 9th grade science under JW Haskins, the toughest teacher at Central. Ben walked in, looked around, took the seat in front of me, introduced himself, and said now scratch my back! I failed science!!!!  
Never did I imagine years later I would end up in the same for 10 years and be an Aunt to his precious children!  
I'm so sorry this family has lost their dad and another brother. You are in my thoughts and prayers. Love all of you.*
