“ *She was more than an aunt to me. She was more like a older sister growing up. She had a special way of letting you know you were loved without saying a word. She loved to dance and make people laugh. She lived with me on and off through out my life. She was always there for me when I needed to talk and have a friend. She would not judge, but listen and give unconditional love when I needed it the most. I will always remember her laugh and silly personality. She never worried about what people thought about her, but she cared dearly about the people that loved her most. I will miss her so much, but take comfort in knowing she is in heaven,with the person she sad made her feel loved, Susie Hamilton; or as we all know her... Mahamin. I know she at peace and laughing her unforgettable laugh up in heaven. I love you Nuni.*

I miss her too! She and I were like twins when we were little and spent so much time together all our lives. She loved you Aimee and Tiffany so very much! Patti
