“ *i remember the first time I met her before she and Uncle Bobby got married. Daddy (Bill Watkins) took me to meet her and told me I should go ahead and call her Aunt Gerri. I remember walking up a lot of steps to get to the house and after calling her Aunt Gerri the first time, she took us to the kitchen and fed me. She never let a body go hungry!*

“ *Janice and Chuck, I am so very sorry for the loss of your dear Mother. Mrs. Gerri was such a beautiful, sweet, loving woman. She always treated me like her own whenever I would visit in her home when she lived in Jackson, MS. She was always smiling and always had a kind word. My prayers for God to surround the family during this difficult time. May God give each of you a sense of peace and comfort that only He can provide today and in the days ahead.*

“Gonna miss her so much. She is so very special to our family. Had some very heart felt conversations with her. Her and Pepaw were some of the first ones to take me in the family. Just happy she is ok there with Pepaw and Pops. Love you so much and will miss you.

“You will be missed Gerri. I met you when I was a young child thru my Mamma Barrett and our family get togethers, but I didn't really get to know you until I became an adult. Thanks for being the person you were.

She was a mother to me for 34 years. We spent alot of those years around the table after every one else was sleeping. Our greatest fears. Talking about things we had done laughing at Bobby and Stacy's adventures. Things we wanted still to do. Places we have been. About some things that had hurt us the most. Greatest advice from mamaw. I love you dearly and I know you are finally happy once again. Love your daughter n law tapper

“ *She was and is a special woman, thank you Gerri for accepting me when Mitch and I married, for making me feel welcomes a member of your family. I know that when you took your last breath here you where with our Lord and Savior. Please give Mitch a hug for me when you see him and I will see you both when I finish my work here.*
