“ *Jerome and I have quite a few memories of Johnny. Mine began with The Choctaw Swimming Pool. His and Fannie's union followed by 2 of the cutest little boys ever. They did a fine job in parenting those cuties. Since they have grown into Fine, Intelligent, and caring young men, and parents.*

Jerome and Johnny go back farther in time. They share memories before my time. I did know Johnny before meeting Jerome.

In the last several years we have remained friends. He has been a daily customer at Hope Store and we were neighbors going by the way The Crow flies.

You will be missed, but never ever forgotten.
