“ *I have many now cherished memories with lea ann. From the first time I saw her and up to the last she has been a joy to have in my life! I'll never forget her or the smile she always wore when I was around her or how that smile got bigger when she would talk about her boys. She always said that her boys were her whole world, and when she said that you just knew without a doubt that she meant it. Knowing that there are no more tomorrows with lea ann and that I won't hear her sweet voice or feel her loving touch again is breaking my heart. Being a father of a boy that lea ann always treated like one of her own, I can scarcely imagine how you her parents and family are feeling and I offer my most sincere condolences for the loss of a great mother, daughter, and one of the best friends I've had the pleasure of knowing. Lea ann I will always love you, miss you and think of you fondly and often. I pray that you have found peace in heaven where you can watch over and wait for your boys.*
