“ *James, I was so shocked to hear of Rosies passing. I do wish I could make it today to be with y'all but something beyond my prower is keeping me away .. I will never forget the nights she stayed with us while your dad was working on police force after you had married r gone to service. R it could have been just dating I don't remember that part but she didn't like stay by herself so he would bring her by and we would talk fix hair and have a great time. My mom feels really bad because she can't come but she's not doing well and is in a wheelchair and blind and the weather is too cold I think for her to get out. We love you and praying for you and hope to see you again*
