“ May 6 2026, it's going to be 6 years in 10 days but yet my heart still hurts like it was yesterday. So much I want to tell you and wish I could just sit with you once more. Thank you for your wisdom even though it took me too long to finally understand what you were telling me. I love you Forever Mom.

“ Mom I believe you are with the family that's gone before us...in peace. Yet I can't help but fall apart at times because I miss you so much. I feel like I failed you sometimes and if I did I'm sorry. GOD knows. Yet after I've cried my eyes out all I see is you smiling at me or how no matter where we were or how far away you were You're voice always reached us. I'm going to be ok....my heart just aches for you Mom. 💔

“ Her going before us has been life changing. Those of you who knew her can feel the void. Even so it was good while it lasted and I thank GOD for giving me a strong Mother because for all the times she was hard on me it was always a lesson to be learned. We will miss you for as long as we live Mom. Thank you for your honesty in life and for still looking after us beyond the grave. Until we meet again.
