“ *You are all in my thoughts and prayers. This world was a better place for having had Uncle Leroy in it. I feel both blessed and honored to have had the opportunity to call him "family". My fondest memories of him were his smile and how it was warm and inviting and how he loved his family beyond words.*

May you all take comfort in knowing he no longer suffers and that he will be waiting for each of you with arms wide open.

May God give you strength during this difficult time.

I love you all.
