“ *My thoughts and prayers are with you. I had the opportunity to meet Aunt Mary several times when she visited in New York State. She was a wonderful lady - my mother always seemed so happy when they visited each other. I have pictures of them together and also some of Aunt Mary caring for my father when he was sick. I believe she wrapped a towel around his neck soaked in some home remedy for sore throats. Wish we had lived closer and had been in contact more often.*
