“ Too many memories to try to write down. A man of God and always knew when I needed to hear his voice. Fishing, "digging Potatoes" and so much more. Hunting trip to Alabama, taking him to the the hospital when Regina was in labor with Anna---Will be deeply missed!

“ The staff of the Career-Tech Center would like to send our deepest sympathy to Bro. Michael's family. He was a very caring, good Christian person, even from his high school days when he was a student at the "Vo-Tech" as it was called then! Our thoughts and prayers are with you during this difficult time.

“ No other person that walks this earth will have a kinder more gentle soul than Michael. He was a light to all who had the priviledge of knowing him. He was an angel sent to us to fill our lives and show others to Christ. What a legacy he leaves in the hearts and lives of us who knew him!
Praying for his family in this very difficult time. Gods peace flow upon you like a river and strengthen you all each day.

“ There are so many memories its almost impossible to just think of one. There was never a time, even when Bro. Michael was feeling awfully low, when I ever heard him complain or blame God for his situation. He was always positive & up-beat. He had full faith & confidence in Gods power to heal him. Well, that day has finally come. It may not seem so to us, but to him he has been completely healed. He has a brand new body, no pain, no limitations. He's free to run, dance, praise, & worship up & down the streets of gold! I'm sure he's probably going to even do some fishing! I'm thankful that our lives have been made richer for having known Bro. Michael. We're so proud to call him "friend". We are praying for the whole family & all who loved & are going to miss him so much.

“ My father, Ray Gray, was Michael's uncle, and a few years ago as my father's illness progressed, I was fortunate enough to make a trip to Philadelphia to be with him for a few weeks just before his passing. Michael came by for a visit during the time I was there, which he did regularly anyway from what I understand. My father so looked forward to Michael's visits and he was always an inspiration to us all. His visits left us uplifted and he shared a calmness that I think few in this life are fortunate enough to experience. Michael will forever be in our family's memories as a wonderful human being and very caring cousin. We're extremely thankful for having the opportunity to have Michael in our lives.
