“ Bro! I'm lost for words here! I googled you on the internet was trying to get a contact number to call or text you because I haven't heard from you in a very long time, I'm thinking maybe a few months after high school. But as I googled your name, I could not believe my eyes when I saw your obituary!! This is still unrealistic for me. Brother I'm so thankful that God put you in my life for a few years, and that we had the chance to hang out, and do some of the craziest stuff during our teenage years. Want to say brother I love you, and definitely will be missing you until we meet again! You will forever be in my heart and my thoughts! Rest In Peace brother.....
