“ There are truly no words... My heart has been utterly saddened, since I received the phone call of Misty's passing. I've known Misty since the age of 13. We met at Dalewood and hungout almost every weekend there, throughout our teenage years. We actually worked our first job together as teenagers, at Auto Zone... Ha! That's another story in itself... We lost touch after we both got married and had children, but always picked up where we left off when we saw each other or chatted via facebook. I have always considered Misty, a life long friend even though our lives took us in different directions, as we got older. I will always be fond of the memories we shared, her contagious laugh and the fun times we spent together. There was only one Misty... May God speed peace, comfort and understanding to her children Skylar and Dalton, whom I know she loved so much and was so proud of... Also the rest of her family and friends, that she left behind... I know you are all hurting so much. She will be missed dearly, but never ever forgotten! Rest in peace my friend... See you on the other side!!
