“ *Odie and I had some adventures. We could not see each other for years and then pick right back up on conversation and life when we got together.*

I know LOTS of people, but can literally count on both hands, (maybe just one hand) my few really close friends. Odie is one of them. From our meeting in 1st Grade at Union Elementary School, reconnecting when I went back to UHS as a sophomore, we graduated together, attended and graduated Mortuary School together. When he was on OTR driver, I met him when he came through Indy and when I was traveling full time, he attended the services that I held in his area. He was a pall bearer for my mother's funeral service. We were buddies, we were brothers, we will see each other again. Until then, Love you Odie. Morris

“ *I remember meeting him for the first time at one of our family cookouts at my brother's. He and my brother was really close. From the first time I met him to the last time I saw him...he was always the same. Comical, VERY friendly, caring and seemed to always have something going on trying to help people. "Spanky" you will be sorely missed by any and everyone who had the pleasure of knowing you. If there are cookouts in heaven I'm sure you, BJ and his dad have one going strong. Love you my friend.*
