“ *I knew Anita through a cause we both shared. The first time I met her, I was so drawn to the light that shown in her eyes, her obvious compassion and her nature.*

When I think of her, I remember the way she used to sit with Bobby, twirling her fingers thru his hair. When the 2 of them looked at each other it was with complete love and adoration.

I remember how her face beamed with pride when she spoke of her children, her marriage and those she held dear.

I pray that all of her loved ones find strength, endurance and courage.

My utmost sympathy, my condolences.
